

Band Lesson Program

Our lesson program is now in full swing. We have completed all of our fall assessments and have transitioned into using the lesson book. Each student is expected to attend four lessons per semester/8 for the year.

Here are the band lesson guidelines:

- Students are able to sign up for an individual lesson or a lesson with one other person
 - ✓ If students pair up, both students must be at the same spot/lesson assignment in the lesson book
- Students must **bring their own lesson book/binder** in order to receive full credit for that lesson
- Students are expected to come to each lesson with the lesson material prepared
 - ✓ Students will earn half credit if there is no evidence that the lesson material was looked at prior to that lesson
- Students should rotate through the available lesson times when they sign up for a lesson so that they do not schedule a lesson out of the same class each lesson cycle
- Students are responsible for securing a purple lesson pass during each lesson cycle
